Problem 5.13.49

ee25btech11023-Venkata Sai

September 16, 2025

Problem

If the system of equations

$$x - ky - z = 0 \tag{1.1}$$
$$kx - y - z = 0 \tag{1.2}$$
$$x + y + z = 0 \tag{1.3}$$

has a non-zero solution, then the possible values of k are

Matrix Equation

For the given homogeneous system

$$\mathbf{A}\mathbf{x} = 0 \tag{2.1}$$

Augmented matrix of $\left(\mathbf{A} \mid 0\right)$ is given by

$$\begin{pmatrix} 1 & -k & -1 & \Big| & 0 \\ k & -1 & -1 & \Big| & 0 \\ 1 & 1 & -1 & \Big| & 0 \end{pmatrix} \xrightarrow[R_3 \to R_3 - R_1]{R_2 \to R_2 - kR_1} \begin{pmatrix} 1 & -k & -1 & \Big| & 0 \\ 0 & k^2-1 & k-1 & \Big| & 0 \\ 0 & 1+k & 0 & \Big| & 0 \end{pmatrix} \tag{2.2}$$

$$\begin{pmatrix} 1 & -k & -1 & \Big| & 0 \\ 0 & k^2-1 & k-1 & \Big| & 0 \\ 0 & 1+k & 0 & \Big| & 0 \end{pmatrix} \xrightarrow{R_2-(k-1)R_3} \begin{pmatrix} 1 & -k & -1 & \Big| & 0 \\ 0 & k+1 & 0 & \Big| & 0 \\ 0 & 0 & k-1 & \Big| & 0 \end{pmatrix} \tag{2.3}$$

Conclusion

For a non-zero solution,The rank of the matrix must be less than the number of variables
From (5), In order to be Rank<3

$$k + 1 = 0 \ \text{(or)} \ k - 1 = 0 \tag{2.4}$$

$$k = -1 \ \text{(or)} \ k = 1 \tag{2.5}$$

C Code

```c
void get_system_coeffs(double* out_coeffs) {

    out_coeffs[0] = 1.0;
    out_coeffs[1] = -1.0;

    out_coeffs[2] = -1.0;
    out_coeffs[3] = -1.0;

    out_coeffs[4] = 1.0;
    out_coeffs[5] = 1.0;
    out_coeffs[6] = 1.0;
}
```

Python Code for Solving

```python
import ctypes
import sympy

lib = ctypes.CDLL('./code.so')

double_array_7 = ctypes.c_double * 7
lib.get_system_coeffs.argtypes = [ctypes.POINTER(ctypes.c_double)
    ]

out_data_c = double_array_7()
lib.get_system_coeffs(out_data_c)

coeffs = list(int(v) for v in out_data_c)

k = sympy.Symbol('k')
```

Python Code for Solving

```python
M = sympy.Matrix([
        [coeffs[0], -k, coeffs[1]],
        [k, coeffs[2], coeffs[3]],
        [coeffs[4], coeffs[5], coeffs[6]]
    ])
det_M = M.det()
print(f"\nDeterminant = {det_M}")

solutions = sympy.solve(det_M, k)

print(f"k can be {solutions}")
```
